

34th Annual
Water Environment School

You are invited to exhibit....

*Wednesday, March 24, 2010
7:00 a.m. to 3:30 p.m.*

*Clackamas Community College
19600 Molalla Avenue
Randall Gymnasium
Oregon City, OR 97045*

Join the Pacific Northwest Clean Water Association Water Environment School for the 34th Annual School. This is a ***great opportunity*** to display your products and services to the wastewater industry! Over 100 vendors are typically invited to the exhibition, and we have space for ***about 45*** in the Randall Gymnasium. So, to reserve your exhibit space, register early! Cost is \$150.00 for each exhibit space (10 – 12 linear feet), and the registration fee includes lunch and an appreciation gift for your staff working in the exhibit space. Additionally, there is free Wi-Fi for everyone to keep in electronic contact with their office.

Here are some of the highlights of the 2009 Vendors Exhibit that we think you will like:

- ❖ The morning refreshments will be served in the Gymnasium for everyone.
- ❖ Door prizes will be drawn every hour beginning at lunch time until all the prizes are given away by 3 PM.
- ❖ Each table will be set up with a power cord extension.
- ❖ The Randall Gym has full Wi-Fi Internet accessibility during the exhibit.
- ❖ The Gymnasium will be open for exhibitors only between 6-7 AM to allow for a smooth and somewhat effortless opportunity to set up the exhibits. You may unload your exhibit at the lobby doors, but the fire codes require that the vehicles be parked in the adjacent parking lots once you are set up.

We have consistently received very positive responses from manufacturer's representatives over the years with last year's school (2009) showing our greatest success. Your participation in the 34th Annual PNCWA Water Environment School on the campus of Clackamas Community College is encouraged, and your support is appreciated.

If you have any questions please contact the Water Environment School vendor coordinator:
